4 Panel Arch-Top  
6 Panel Prefinished

Personalize your interior door to reflect your unique style.

**SURVEY SAYS...**

When given a choice  
between Safe 'N Sound<sup>®</sup>  
or hollow core doors,

**100% OF CUSTOMERS  
PREFER SAFE 'N SOUND.\***

Ask your representative  
how to upgrade to a  
Safe 'N Sound door.

\*Qualitative research conducted in 2013.

## CAN YOUR DOOR PASS THE KNOCK TEST?

**5** year  
warranty

The easiest way to tell if your door is hollow or solid is to simply knock on it. You'll hear—and feel—the difference immediately.

Safe 'N Sound doors

**Quiet  
a home**

more than  
hollow core doors

Solid core doors  
**add more  
value to  
a home**  
than standard  
hollow core doors

Offers the  
**durability,  
heft & feel  
of real wood**

**1-3/4"  
THICK**

fire-rated options

**Green** at  
HEART

The core of our Safe 'N Sound door is engineered from wheat straw, an annually renewable resource.

\*Thinner outer style will not affect functionality. Double doors and bifolds are not recommended. Due to manufacturing processes, a 1/8" tolerance is acceptable on horizontal lines.

Note: 48", 60" & 72" bifolds are achieved by doubled 24", 30" & 36" bifolds.

Molded Panel Series & Masonite Select® Collection Notes: Please note that some sizes are only available as a result of being trimmed from a larger facing. The trimming process may result in a stile width that is too narrow to accommodate a standard bore. To machine a standard bore with a 2-3/8" backset on the lock hole and a 2-1/8" diameter bore, the outer stile measurements must be no less than 3-7/16" wide. Many facings have a lockrail that will accommodate a standard bore even when the stile width is too narrow. Please refer to Masonite Molded Door Facing Dimensional Specifications to verify the outer stile measurements or contact your Masonite Interior Door servicing plant. Textured refers to embossed wood-grain. Pre-finished white is available textured only. Not all molded panel designs and sizes are available in all regions as stock products. Please check for special order availability. \*Molded Panel actually measures 1'-13/16".
